| <b>Publication:</b> | Netherlands, c.1750. Copper plate engraving. Size 170mm x 210mm. |
| <b>Condition:</b>   | Narrow left margin.                                              |

### DESCRIPTION:

A finely engraved 18th century map of the Moon, depicting the visible near side as observed through a telescope. A graduated circular scale surrounds the lunar disc, marked in degrees up to 360. Stars appear in the border of the image.
