18TH CENTURY MAP OF THE USA

Gli Stati Uniti dell'America Delineati sulle ultime Osservazioni.
Secondo Foglio che comprehend parte della Nuova Inghilterra ed
inoltre La Nuova Scozia e Porzione del Canada.

Cartographer	<u>CASSINI, Giovanni Maria.</u>
Date	1797
Stock #:	7817
Publication:	Rome, 1797. Original colour. 365 x 490mm
Condition:	A good example.

DESCRIPTION:

Sheet two from Cassini's uncommon six-sheet map of the United States, showing New England, Nova Scotia and the Gulf of the St Lawrence.

Cassini's tried to make his 'Nuovo Atlante Geografico Universale' a luxury item at a time other publishers were producing cheaper atlases for the new literate middle classes. Thus it sold badly, making Cassini's maps uncommon.
