

A FINE 17TH CENTURY CHART OF THE NORTH SEA

Pascaart vande Noort-Zee... Tabula Hydrographica Oceani Borealis...

Cartographer	JANSSON, Jan.
Date	1657
Stock #:	12083
Publication:	Amsterdam, 1657, German edition. Original colour. 440 x 560mm.
Condition:	Repairs to verdigris crack.

DESCRIPTION:

A Dutch sea chart of the North Sea from Jansson's uncommon 'Atlas Maritimus', first published 1650. Oriented with north to the right, it shows from the Shetlands clockwise to Trondheim, Stettin in the Baltic, Calais and Arundel in Sussex. The title cartouche depicts two navigators with a cross staff and atlas of sea charts. The chart was published just after the end of the First Anglo-Dutch War.
