

An uncommon Spanish sea chart of Angola, Namibia and South Africa

RIUDAVETS, José Maria.

Costa Occidental de Africa. Hoja XIII. Comprende desde la Punta Palmarinhas hasta la Bahia Hondeklip, segun los trabajos mas recientes ingleses y portugueses.

Madrid: Direccion de Hidrografia, 1870. Touch of original hand colour. 990 x 640mm. With the blindstamp of the Direccion de Hidrografia.

£700

A detailed chart of the coast of Africa from Luanda in Angola, south through Namibia to Hondekip Bay in South Africa. Six large insets show: Luanda, Lobito, Benguela, Tombua and Namibe in Angola; and Port Nolloth in South Africa. A single lighthouse is marked in colour.
