

The first printed map of Borneo

LANGENES, Barent.
Borneo.

Amsterdam, Cornelis Claez, 1599, Dutch text edition. 85 x 125mm, with letterpress surtitle and pagination.

£320

A scarce map of Borneo, orientated with north to the left, engraved by Pieter van den Keere for the 1598 'Caert-Thresoor', with a text by an unknown author. Despite being published only a year after the first edition, this is a second state: the bottom border has been re-engraved with latitude graduations. By 1600 this map was being published in the 'Tabularum Geographicarum' with a text by Petrus Bertius, and in 1616 a new plate was engraved by Jodocus Hondius II, slightly larger and with wider borders with scales of longitude and latitude.
